The Greater Cincinnati Foundation  
Field of Interest Funds 2015

Donors who care about general areas of interest establish field of interest funds, which are important to the community because they allow the flexibility to meet changing needs in specific areas, now and in the future. GCF’s Governing Board will make grants to the most deserving organizations within the donor’s chosen field(s) as part of GCF’s community grantmaking process.

**AFAM** represents a member of the African American Family of Funds.
