Established by generous individuals more than 50 years ago, The Greater Cincinnati Foundation (GCF) has helped people achieve their charitable goals and support their passions in the community.

In 1998, GCF teamed with local leaders to establish The Northern Kentucky Fund of GCF. This permanent, charitable resource brings together donors with the common goal of enhancing the quality of life in Northern Kentucky. Since its inception, the fund has invested in the health and vitality of communities in Boone, Campbell, and Kenton counties.

Your tax-deductible gifts to The Northern Kentucky Fund generate earnings that are given back to the community in the form of grants. With its extensive grantmaking experience and dedication to philanthropic stewardship, GCF ensures the grants are directed to the organizations serving Northern Kentucky’s greatest needs. In addition, grant dollars from The Northern Kentucky Fund are combined with financial resources from GCF’s Community Fund pool to make an even greater impact.
Through the generous contributions of donors like you, grants exceeding $22 million have been awarded to more than 150 organizations and programs serving Northern Kentucky. Recent grant recipients include:

- **Brighton Properties**: provides low-income, single parents the opportunity to receive housing, child care, and family support as they complete a post-secondary degree.
