

2017 *Creating an Inclusive Community Grantees*

GCF is in the midst of a year-long learning journey with 17 organizations that exist to serve those with physical and developmental disabilities. As a part of the journey, GCF awarded \$15,000 grants in partnership with our donors to each participating organization for the purposes of testing a new concept using human-centered design tools. All concepts are stretching toward a collective vision of working to build a region where all have choices and belong with organizations serving as supportive, innovative bridge builders. Success will be measured by the partnerships strengthened and lessons learned. Ongoing learning sessions with the cohort are facilitated in partnership with Design Impact.
